

Tecumseh High School
760 Brown Street
Tecumseh, Michigan 49286

November 9, 2018

To Whom It May Concern:

Chandler Brown is a confident and dedicated student teacher. Her enthusiastic attitude motivates students and staff alike. She cares about everyone and offers many opportunities for each student's success.

While student teaching, Chandler has had the opportunity to be part of an exciting and collaborative program at Tecumseh High School. We work as a team as we develop our mass customized approach to our learner's success. So far, her opportunities have included teaching and facilitating ninth grade English classes, supervising support classes, developing new curriculum, and recently working with the health teachers in correspondence with her minor.

Additionally, Chandler is always ready to "pitch hit" in difficult situations. She is an outstanding teacher who would make an excellent addition to your staff. She is knowledgeable, cooperative, and willing to try new ideas. I highly recommend her as an investment in the future. She will have a positive influence in your district.

Sincerely,

Jillonne Adams
